February 10, 2021

To the Parents/Guardians/Students of Grass Lake:

COVID Update

As you are aware this coming Tuesday, February 16th our staff will be receiving their second COVID vaccine. Based on information we have received from other districts our concern is that we will have a percentage of staff that may have a reaction. Therefore, in order to be proactive we are assigning Thursday, February 18th as an asynchronous virtual day for all students K-12. Students will be required to login and complete the work assigned to them by their teachers. All students will return face-to-face on Friday, February 19th.

Next Week's Schedule

Monday -- No School

Tuesday -- Virtual Instruction

Wednesday-- ½ Day Virtual instruction

Thursday -- Virtual Instruction

Friday -- Face-to-Face Instruction

Thank you for your patience and cooperation during these challenging times. Stay safe and healthy.

Dr. Ryle Kiser
Superintendent
