Good Afternoon:

I know that these are challenging times for everyone. The holidays are upon us and there is so much uncertainty as to what both the short-term and the long-term future hold. Because of this uncertainty, there has been an increase in anxiety levels for our students. With this in mind, we want our parents and students to understand the district is, to the best of its abilities, attempting to keep some normalcy into the daily routine of the students while providing a solid educational foundation. The following is the plan that the district will be implementing for the near future or until some other mandate from the state department of health and human services, the Governor, or the legislature mandates something new.

Grades 9-12 will be virtual instruction from November 19th thru December 8th. Students will be allowed to return to school on December 10th.

Grades 6-8 will be virtual instruction until November 20th. Students will be allowed to return to school on November 23rd.

Grades K-5 will be face-to-face instruction as per the learning plan until further notice.

The district will continue to monitor the COVID-19 cases within the district and will continue to make determinations based on the most current information pertaining to the district.

Thank you for your continued commitment to the education of our students.

Dr. Ryle Kiser
Superintendent
