Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-23 educational progress for Grass Lake and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Ryle Kiser at 517-867-5540 or email [businessoffice@grasslakeschools.com](mailto:businessoffice@grasslakeschools.com) for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following website [Grass Lake Community School District's ANNUAL EDUCATION REPORT](#), or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

## **Student Assessment Data**

- Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT
- Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and MI-Access science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students.

## **School Accountability Data**

- Includes information on schools' performance on various measures such as student proficiency and growth on state assessments, graduation, and attendance rates. Performance is measured on 0-100 index scales
- Reports schools identified under three federally required categories for further support: Comprehensive Support and Improvement, Targeted Support and Improvement, and Additional Targeted Support

## **Educator Qualification Data**

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

## **NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

## **Civil Rights Data**

- Provides information on school quality, climate, and safety

Review the table below listing our schools. For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

School Name	Status Label	Key Initiative to Accelerate Achievement
George Long Elementary	No Status Label	Integration of new internally developed SEL program
Grass Lake Middle School	No Status Label	Assess implementation of the new science curriculum
Grass Lake High School	No Status Label	Reinforce Jackson County Early College Program

The goal of Grass Lake Community Schools has been to continue to establish high academic goals while at the same time providing instruction to the students. The plan for the future is to implement SEL programs that support the needs of both the students and the staff. We will also strive to continue to provide as much remedial assistance to the students who need support academically. We will also develop new instructional goals and strategies to meet the ever-changing learning demands of the students and support the students both individually and as a group. Our goal at Grass Lake Community Schools is to prepare the students to be successful in the future by providing them with academic skills and social skills that can be applied directly to the work force, the armed forces, or higher education. They have had to learn how to adapt to different situations and take on new challenges in order to be successful not only academically, but socially as well. Our staff and students have continued to demonstrate that they are up to the challenge.

The students of Grass Lake Community Schools have continued to demonstrate consistent significant growth academically throughout all grades K-12. We continue to provide a solid academic foundation with a thriving preschool program which allows a smooth transition for the students into kindergarten. The one-to-one school program (one technology device for every student) and the experience we have been able to gain over the past five years has been vital to our success in transitioning to virtual instruction.

Education continues to have a bright future as we surge forward out of the academic and social tests the pandemic brought to us and continues to challenge us

as a school and community. The students of our district continue to make positive steps in academic achievement and have demonstrated they are capable in meeting the challenges that continue to present themselves to today's society. They have demonstrated this through their dedication in establishing academics as a priority and being flexible enough to adapt to meet the academic challenges. Our staff has continued to demonstrate they are dedicated to the students of Grass Lake Community Schools and have continued to provide instruction that is structured and demanding. Without the partnership with the parents and the community, this would have been extremely challenging to meet the academic standards needed for success. Thank you!!

Sincerely,

Dr. Ryle E. Kiser
