COLLEGE/CAREER OPPORTUNITIES

MICHIGAN COLLEGE MONTH

Michigan College Month is an initiative that encourages graduating high school seniors to apply for college and financial aid, with a special focus on first-generation college students and those who may not have considered college. It aims to simplify the process and break down barriers to attending college by emphasizing the relationship between applying to and paying for college. Several colleges and universities have waived application fees for the month of October. Visit here to learn more: bit.ly/MCM2023FeeWaivers.

Mission: Navigating ALL Jackson County residents to productive careers through the pursuit of appropriate post-secondary education or career training.

Vision: By 2030, 60% of all Jackson County residents will have some type of post-secondary credential.
