In connection with my request to park either my automobile or any automobile I am permitted to drive by the owner thereof on school premises, I do agree and consent to the unlocking, opening and inspecting of the subject automobile and all of the portions thereof including the trunk and engine area. I do further agree and consent to the opening, examination and inspection of all items located in any such automobile. Such examination of the automobile or of its contents may be undertaken by the principal of this school building, or his/her representative, and I agree to make any and all lock keys available to the principal or his/her representative for this purpose. I understand that the permission herewith granted shall last as long as I shall continue to have the permission of this school district to park any such automobile on school premises. Cars parked in the wrong location will be towed away at owner's expense.

I understand that the permit card given to me is school property. This card will remain with the student's vehicle(s) through his/her school years. Upon his/her senior year, the permit card will be turned into the school. The school will charge \$5.00 for any lost card. I understand that I cannot obtain my cap and gown in my graduating year until my card is either turned in or paid for.

I agree to abide by the rules set up by this school. Failure to do this will result in loss of this privilege.
